Notification will be made as soon as possible & refunds will be issued to registrants. Programs are subject to change; review all schedules you pickup. No refunds will be given for activities cancelled due to inclement weather or field conditions.

## FINANCIAL ASSISTANCE PROGRAM

Every Kid Counts is a fund that is available to children of Little Chute residents/taxpayers who, for family financial reasons, would be unable to participate in recreation and/or aquatic programs. The 2016 fund was established thanks to the generous donations from the Great Wisconsin Cheese Festival, Little Chute Jaycees, Kiwanis Club of Little Chute, and Little Chute Knights of Columbus. An application form can be downloaded at [www.littlechutewi.org/recreation](http://www.littlechutewi.org/recreation) or you can pick up a form at the Little Chute Park & Rec. Completed form must be returned with the required proof of eligibility. All applications will be processed on a first-come, first-serve basis until funds are depleted. Upon approval, children (age 17 & under) in the family would receive 50% of their recreation/aquatic program fees paid for from available funds up to a maximum of \$50 per child and \$150 per household. Upon approval, applicant can register children for programs.

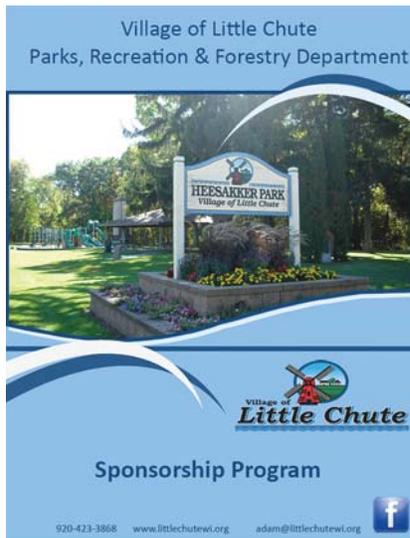

## MILITARY DISCOUNT PROGRAM

In gratitude for their service to our country, discounted fees are available to all Village of Little Chute families with a family member currently deployed overseas. A military family is defined as all persons currently residing at the same address who are directly related to the military person (spouse, child, parents). Military families shall receive a 50% reduction in fees for individual recreation programs, pool passes, and individual sport league participation. Appropriate documentation is required to verify military service. Please call us with any questions.

## SPONSORSHIP OPPORTUNITIES

Beginning in 2016, the Little Chute Parks, Recreation, & Forestry Department launched a Sponsorship Guide. This guide contains many possibilities for sponsorships and donations. A few sponsorship opportunities include a Program Book advertisement, baseball field banners, special event sponsors, t-shirt sponsors, bench donations, and tree donations. Official sponsorship guides can be found on the Parks, Recreation, & Forestry Department website at [www.littlechutewi.org/parkrec](http://www.littlechutewi.org/parkrec) or printed copies are available at our office in Village Hall.

We would also like to highlight that we have many ongoing projects such as playgrounds, walking trails, and park improvements that need donations and sponsorships to get them off the ground. If you or a business you own or work for are interested in sponsoring a special project in the village please give the Parks, Recreation, & Forestry Director a call at 920-423-3868.

## TERRACE TREE PRUNING

The Forestry Dept will perform all pruning of terrace trees. Terrace trees are all trees that fall within the Village right-of-way (between the curb and the back of the sidewalk or where it would fall). Pruning will take place either at time of planting (of which only broken or damaged limbs will be removed), upon the request of a property owner, on a periodic pruning cycle, or as the need is determined by the forestry dept. The Village will not “top” trees in the terrace or on any other property, and it is likewise not advised that anyone partake in such a practice.

## PRIVATE TREE TRIMMING

Pursuant to Village of Little Chute Ordinance section 40-151 Forestry Policies, there is a required traffic and pedestrian clearance of 10 feet minimum over sidewalks and at least 15 feet over streets.

## ANIMALS ON PARK PROPERTY

Per Village Ordinance Sec. 32-1(20), animals are not permitted onto park property with the exception of leashed dogs on roads, paved trails, or chipped or gravel paths. Dogs are not allowed on playgrounds, athletic fields, picnic areas, lawns or in park shelters. Dogs must be secured on a leash, display current rabies tag and current registration tags, stay under control of their owner/walker, and all waste must be immediately picked up and disposed of. This subsection shall not apply to certified guide dogs.

## SELECTING THE RIGHT TYPE OF TREE FOR YOUR HOME

When selecting the right tree for your home it is important to consider many factors. You must think about what the tree needs. One strategy to utilize is looking at the species of trees native to our area. However, native trees alone are not always the answer. Some non-native species may also do well in your yard and offer attributes such as beauty, size, pest resistance, or diversity. Here are a few factors to consider when selecting a tree.

**Temperature** - The Village of Little Chute is located in zone 5. Zone 5's average low temperature is -10° to -20°. Make sure to select a species suitable to those temperatures.

**Moisture** - Each species tolerates wet or dry growing conditions to a different degree. Special attention must be given to your selection if the site is periodically flooded, subjected to very dry conditions, or continually exposed to the drying effect of wind.

**Light** - Before you purchase your tree make sure to check its shade tolerance. Some trees require sunlight all day while others can grow very well in shaded areas.

**Soil** - Soil factors are probably the most overlooked when selecting a tree. Make sure you pay attention to soil depth, structure, moisture, and pH. For example, deep-rooted species will need adequate soil depth for their structure roots, whereas shallow-rooted species may do well on sites where there is hard clay or bed rock close to the surface.

### NEW PROGRAM REGISTRATION AND SHELTER RESERVATION PROCESS

Our department is excited that we recently updated our registration software. Families now have the ability to register for programs and/or reserve park shelters at any time from home! Online program registration and shelter reservation will increase your chances of getting the classes or shelter you want. All families are encouraged to create their family account NOW so you can get your account approved (new accounts need department approval before you can register for a program or reserve a shelter). See details on page 2 and 5 of this book. Program registrations will still be accepted by mail or in person at the Little Chute Park & Rec Dept on a first-come, first-serve basis. Shelter reservations will still be accepted by phone or in person at the Little Chute Park & Rec Dept on a first-come, first-serve basis. Choose which ever registration process works for you.
